

SAID IN CYPRESS

By Newsy

There are several news stories we would like to be able to report to you on in detail, but we haven't the time or facilities to get to the source of information to present them accurately. We can only hint.

Rumor has it that the to do along the PE tracks is to effect a major improvement. But scuttle butt has it that that improvement won't affect us, the lowly citizen here. The Pacific Electric took off the street cars, giving as one reason the fact that the roadbed was too poor. Now they fix up the roadbed to run a high-powered diesel over the track—to haul freight! At least, that's the way we he'ered it. Wouldn't it be wonderful if they'd add a couple of little old passenger trains each way every day?

Which brings us to the sad announcement of the news that the busline which operated for awhile seems to have gone p-h-t-t-t. Every once in a while we hear a rumor that it hasn't—but if you can't distinguish which vehicle is for public transportation and which ones are traffic—it's all the same difference so far as we are concerned. The chamber of commerce pulled a colossal community punch when they dreamed up the idea of advertising for a busline—and the originators of the deal were fine in every way. It's too bad that something happened along the way to spoil the town's only chance at getting in and out for those who don't have access to cars.

Road crews have been working out along La Palma avenue west of Walker street. This ought to be a little help when the flood season arrives again, since the workers seem to be grading and laboring toward remedying some sort of situation. We don't know what the object is, but any change must be for the best.

We tried to contact Manager Stang of the Southern California Water company in his Huntington (Continued on Page 8)

It's Back To School For Teachers, Pupils, As New Fall Term Begins

Monday will be awakening day from a summer's vacation dream when children in the Cypress elementary school district report for class identification. Registration will be held in the utility room from 9:30 a.m. to 12 noon.

Regular classes begin at nine o'clock Wednesday morning, September 10. On that day a full day's schedule will be followed, according to Miss Elizabeth Dickerson, school superintendent. The school buses will not run on Monday, but will follow the same time schedule as they did last year, beginning Wednesday, September 10, Miss Dickerson said.

The twenty-one teachers on the staff have been in session several times the past week, having met the first time on Wednesday. Almost all of the teachers were here last year. Parents are invited to come to the school on Monday and meet them.

New Kindergarteners

Since the kindergarten pupils registered last May, it is not necessary for their parents to come to the school on Monday. Any new student for kindergarten will register Monday, however.

A tea for kindergarten mothers is being held this afternoon in the utility room at two o'clock. All kindergarten mothers are cordially invited by Miss Dickerson to be present.

NOTICE

Rick Townswick, local watch repair shop operator, is now employed part-time in a realty office in Artesia. He intends to keep his shop open a couple of hours in the morning, and solicits your continued patronage.

CYPRESS ENTERPRISE

Gives Aid, Disappears After Wreck

After he gave a driver aid by pushing his stalled car, a motorist disappeared Tuesday night when things "got hot."

Frederick D. Ybarra, Anaheim, was stalled in the drive of Loyd's Drive-in and a stranger appeared to push his car to start it.

But after the man pushed Ybarra onto the highway into the path of a car driven by Art Gruber of Lakewood, the "good Samaritan" took off for parts unknown, according to Ybarra.

Damage to both cars was extensive, but no one was injured.

H. S. TEACHERS VIEW INDUSTRIES

There was an Anaheim High school faculty tour of industries on Thursday during the day. Faculty members visited Northrop aircraft, Essex Wire corporation, Real Gold Citrus products, General Electric company, Kwikset locks, Viking Manufacturing company, Robertshaw-Fulton controls company and Borden Fruit company.

The first faculty meeting of the year will be held today at ten o'clock in the library. It will be followed by a luncheon in the cafeteria.

Will Choose Most Popular Girl For White Gold, Day

Farm Center Tells Date First Fall Meet

Cypress-Magnolia Farm Bureau Center will hold its first meeting of the 1952-53 year, September 16, 1952 at the new Savanna school located on Cerritos just west of Highway 39 on the north side of the town of Stanton.

A potluck dinner will be held at 7:00 p.m., followed by a short business meeting, entertainment and a guest speaker.

Entertainment will be furnished by Miss Dee Shinn, a tap dancer. Slides will be shown by Kelsey Williams of the exhibit booth at Orange County Fair which took first place. Guest speaker will be W. K. Noble, chemist, Air Pollution Control of L. A. County.

Gay Street Water Users Form Assoc.

Smaller than most, the Gay Street Water association is an old concern which has been "in business" almost as long as Cypress has been here. Located just across the street from 8311 Gay st., the well was placed many years ago, although the association was only incorporated in 1950.

A year ago, Tom Wood of 8242 Gay street was elected president, succeeding Merle R. Bouse. Mrs. Nell N. Morehead is secretary-treasurer, taking over from Mrs. Vance Van Dalsem, the former officer.

There are approximately twenty-five users who form the membership.

Guest Pastor In Nazarene Church Sunday

Special speaker at the morning worship service of the Cypress Church of the Nazarene Sunday morning will be the Rev. Andrew W. Young. The Nazarenes are conducting an annual tour of the district at the present time, meetings in the churches to which teachers and officials of the Sunday school are invited.

The meeting for the Orange Zone will be held at Fullerton September 7 at two-thirty o'clock, the Rev. W. D. Howard, local pastor has announced. He is helping with the Sunday school meetings and will also attend the pastors' conference in Escondido next week.

The Rev. Mr. Howard is in charge of the youth work in the district and will present new plans and a contest for the fall term.

WHITE GOLD DAY HELPERS NEEDED

All persons interested in helping the Chamber of Commerce in staging the 1952 White Gold Day celebration are asked to attend the meeting of the group Monday night at 8 in the school-house.

Since the celebration is staged by all the clubs in town, most of the regular members are working on other booths or events, leaving the sponsoring Chamber short of help.

Whether you are a member or not, but are interested, please contact either Dale Kroesen or Don Caul at the meeting Monday.

New Strawberry Unit Of Farm Bureau To Meet

George Ogata, 8292 Walker st., is chairman of the Orange County Farm Bureau's organization of strawberry growers. He has announced a meeting at the bureau hall in Orange at 10:30 o'clock on Monday morning, September 8. Growers from all over the southland will attend.

University of California's College of Agriculture and the Agricultural Extension service will send speakers, Ogata said. They will discuss experiments in freezing strawberries for the quick-freeze market, a touchy and difficult thing to do. Marketing problems in general are on the agenda, as well as a discussion on varieties of strawberries best suited for production in Orange county.

TALENT SHOW COMMITTEE GETS TV PUBLICITY

Several members of the C. R. Rogers Memorial auxiliary to VFW Post No. 9847 felt they spent a holiday which really lived up to its name. The women journeyed in the extreme heat to Hollywood, where they were guests on the Jack McElroy TV show.

Mrs. Don Wedeking, assistant chairman of the benefit show to be staged October 8 in Anaheim High School auditorium, acted as spokesman, in the absence of the chairman, Mrs. Ray Lucas, who was still hospitalized at Oceanside. McElroy conducted the interview in such a way that Cypress got in a good plug for their talent show.

Also making the trip were Mrs. E. E. Goodman, Mrs. Ruth Lockman and Mrs. A. R. Muesse.

ARM SIGNALS NEEDED

Arm signals are appreciated by motorists, demanded by courtesy and required by law, states National Automobile Club. Give arm signals to be safe.

Plans for a contest to choose the most popular girl in Cypress for the 1952 White Gold Day celebration are under way, according to Don Caul, general chairman of the event.

Tentative arrangements for the contest call for a system of gathering votes by selling tickets to the evening feast which will be staged as part of the day's events.

Prizes will be awarded to the girl who wins the contest, Caul said, but the type of awards has not been decided yet. Final arrangements for the contest will be announced next week.

Horse Parade Entries

Entries for the horse division of the White Gold parade have been distributed, says W. J. McCoid, chairman. Initial results have been encouraging, indicating a good turn-out for that event.

Chamber Meets Monday

The September meeting of the Cypress Chamber of Commerce, sponsors of this year's celebration, will be held at the school house Monday night at 8:00. A detailed discussion of the plans will be held as part of the business meeting.

Anyone not connected with a club participating in White Gold Day is urged to come to the meeting, according to President Dale Kroesen, because much help is needed by the chamber for its part in the affair.

Local Boy Flies In Ceremony

Lt. (jg) Norman K. Howery, USN, son of Mrs. Rosamond Howery of 5445 Camp st., recently helped to open a new 8000-foot 4½ million dollar runway.

He flew in the honor crew of a Patrol Squadron 812, P2V "Nep-tune" patrol bomber which cut a ceremonial tape barrier while making the first landing on the runway. The new runway is the second longest in the Pacific northwest at the U.S. Naval Air station, Whidbey Island, Washington.

Prior to entering the navy, Lt. (jg) Howery was graduated from Technical High School at Long Beach, and attended Long Beach City College for two years after which he entered the navy on the Holloway Plan.

Crash Injures Seven

Seven persons were injured, three seriously, in a traffic crash near Buena Park Monday at 9:40 a.m. Cars driven by Hans Bruinsma, 43, of Norwalk and Fred A. Coleman, 57, of Bellflower, collided at Orangethorpe blvd. and Hansen road, where Bruinsma, according to officers, admitted driving through a boulevard stop.

Bruinsma and two of his children, Sheila, 4, and Harold, 2, received major injuries. Two other Bruinsma children, Walter, 7, and Gelite, 8, and Mr. and Mrs. William Sigley of Bellflower, received minor injuries. All were taken to St. Joseph hospital in Orange.

POLITICAL TIDES

It may be a "long, long time from May to November" in song, but it's even longer from August to November in politics.

Both General Eisenhower and Governor Stevenson will find that out. Actually, the Presidential Election is less than 90 days away and the active campaigns will not start until late September. But the popularity of a candidate can undergo a remarkable change, for better or worse, in that relatively short time.

The outstanding fact at this moment is that neither man has reason to feel overly confident of success. General Eisenhower enjoys an advantage in most of the polls (in California he is said to be running 14 per cent ahead of his rival), but with independent voters making up as much as one-fourth of the electorate and many of them yet undecided, the race remains wide open.

The candidates face somewhat similar problems. Stevenson says the Republican Party is suffering from a split personality. But the same thing is certainly true of his own party. Eisenhower contends that Stevenson is a captive of the Truman gang. But the Democrats claim that the general himself is a captive of reactionary elements in the GOP.

How to unite their respective parties behind them and shake off each other's accusations is just part of the involved and difficult job each must do. Our guess is that long before election day both men are going to wonder how they ever let themselves get nominated. Maybe they have already.

—Calif. Commentator

WIDER SIERRA ROUTE

How long it will be before California has a four-lane highway over the Sierra Nevada mountains is anybody's guess. But such a highway has long been needed, and the longer it is delayed the more acute the need and the greater the danger to our national defense.

The recent State Senate resolution to Congress urging the appropriation of defense funds for the project, declared that it is vital to keep the mountain passes open, especially in case of a national emergency, but that last winter clearly demonstrated how easily they can be blocked.

It is estimated that it would cost \$40 million to build a four-lane highway from San Francisco to Nevada, but one state senator predicted that if we wait for state funds, "the project won't be completed for 70 years." That's too long—by 70 years.

—Calif. Commentator

I RISE TO REMARK

By JOHN PHILLIPS

As I wrote, three years ago, in one of these weekly letters, there is very little, in a German or French or Italian spa, that I could not get; basically, with Hugo Guenther at Murieta Hot Springs, or at Gilman Hot Springs, or at Glen Ivy, or Elsinore or probably at Desert Hot Springs, and the fact that these places in the District, which I have just mentioned, are increasingly popular, shows that more and more people are learning the values of the spa treatments to regain health or to keep it.

There are 240 of these resorts in Germany alone—at least that many, for there are 240 united in some kind of a spa organization for publicity purposes, and many little communities, as you drive through them, have a Kurhaus, and I doubt if all are counted in the 240. The number known to Americans is relatively few, of course, largely among those internationally known, so Mrs. Phillips and I looked around and finally decided on Bad Neuenahr, a delightful spot in the valley of the Ahr, where practically nobody speaks English, and we are living for several weeks in a comfortable little hotel, whose owner, Frau Schliack, reminds us of that late beloved and competent Mrs. Nellie Coffman of the Desert

Inn at Palm Springs, in the way she keeps in touch with every detail of the hotel's operation.

There are, of course, certain advantages to be found, for a Congressman, in a European spa, as against even a resort in the new 29th District of California. To begin with, there are no telephone calls. Not that I would want my friends at home to think I object to having them phone me; far from it—Washington is three thousand miles from California and it is good to hear a home-district voice frequently. It is also good, once every few years to find a place to sit and forget unbalanced budgets, and taxes, and wars, and departments and agencies which do not do what they should do, or sometimes what they say they will do. Just a complete change for a few weeks from the strains of Washington.

There is also an "atmosphere" in the European resorts which someday may be found in America, but not yet. First, the visitor goes to one of the doctors and has a program laid out for him. So many glasses of water from certain springs at definite times, and while you drink them, the orchestra plays, and I rise to remark there is no jazz and no radio blaring in

BUT WHEN IT COMES TO REDUCING THE NUMBER—

our ears. On certain days baths, and on other days massage, all detailed on the schedule, together with diet or other treatments as needed. Now, if I'd just walk a half mile or more, three times a day, and take an hour each time to drink a couple of glasses of Banning water, and visit the masseur and some medicinal bathing establishment, I would feel better, at home, but where would the atmosphere be, and the music, and the change of scene, not to mention the good German cooking, and the "Kuchen" with whipped cream? I am on a reducing diet, and have gained ½ kg. You can figure out how much for yourselves.

There is another and final reason for selecting a German spa, rather than one at home. It is the same reason Mrs. Phillips and I hired the old Plymouth in 1949, and the Oldsmobile last month. It is the reason we selected a place known to few Americans and where little English is spoken or understood. It is the reason I left Frankfurt hurriedly, before my blood pressure went any higher, looking at 400,000 American men and women in uniform, with 100,000 dependents, and about 6,000 employees of the State Department and the allied branches on a tree so badly in need of pruning. Here in this little community I get the feel of the German pulse. The Americans talk to each other. The State Department groups give cocktail parties to each other. They read American newspapers printed for them in Germany and carefully censored by the U. S. commander. The old days when a State Department employee lived with the people of the nation to which he was assigned, and ate in the cafes with them, and spoke the language, are gone—today we have as superficial a situation abroad as we have in the State Department itself in Washington.

These people feel themselves living on the thin shell of a volcano which can explode any moment. In this peaceful valley of the Ahr, flowing into the Rhein, the preparations for war move steadily along. I will be driven, in a few days, by a new-made friend, to see some of them, not always apparent to the casual visitor. The Rhein bridges are mined, ready for destruction at a moments notice. Mr. Adenauer, so far as I can see, has won only the Berlin election and one small by-election in the South, in a year. Most Germans expect, when the general election comes next spring, that Mr. Schuman will win. That, to us, is the socialist-labor party. Both men are, in a way, demagogues; both detest Russia, yet either will

You go back to the days when they were getting the Santa Ana Valley Irrigation Co. started, in the late seventies. Some of them had the system in those days.

Henri F. Gardner, the Orange man who was one of the first and most constructive builders of the economy founded on irrigation, east of the river, set the pattern, according to an anecdote told years later by "Uncle Josh" Parker.

They had just finished incorporating the SAVI Co. in 1877—75 years ago this month—when the incident reported by Uncle Josh, who attended the organization meeting, took place.

James Huntington, the Los Angeles financier who was a member of the first SAVI board of directors, remarked: "Now that the company is organized, we'll issue and sell bonds, to get money to build our ditches."

It was then that Henry Gardner struck the blow against inflation. He leaped to his feet at Huntington's suggestion of floating bonds.

"Like h--- we will," he objected. "We'll take our teams and build our own ditches!"

Which is what they did.

* * *

The Gardner trait stayed in the family, apparently. Years later, his son, Dian R. Gardner, became a member of the SAVI board of directors and found the company in debt, though not heavily. He also found the president, A. N. Saxton, the Orange man who headed SAVI longer than any other, strongly in sympathy with his feeling that the company should get out of debt.

After serving some time as a director, Dian Gardner eventually became president of the company, heading it for five years, from 1944 to 1949. When he left the board, SAVI was debt free.

Today, as one of the elder statesmen of Orange county water affairs, Dian Gardner says that SAVI has a three-fold job, as he sees it: 1—Furnish water to its

Vocational Nurse Sought For Chest Agency

A concerted program to train and utilize vocational nurses to give bedside care is being carried on in Orange County because of the shortage of registered nurses, according to George Kellogg, chairman of the Visiting Nurse Association of Orange County.

A one-year course is being given at Fullerton Junior College and Orange Coast College to prepare students for the state examination which will give a graduate of an accredited school a license to practice as a vocational nurse, formally called practical nurse. The first examination will be given this fall at a time and place to be announced later.

The Visiting Nurse Association

now has only four registered nurses available to care for patients in the homes on an hourly basis throughout Orange County and wishes a vocational nurse on its staff.

These nurses on the staff of the association, a Community Chest agency, care for the acutely and chronically ill, aged and handicapped at a nominal fee, but the fee is adjusted for those patients of limited means.

Miss Lynette Mann, director of Visiting Nurses, said, "There are many cases in which a vocational nurse can do all that is prescribed by the patients' doctor under the supervision of a registered nurse. They give only those medications permitted to be administered by a member of the family or friend. Registered nurses will continue to give the more specialized care."

"Since January 1 the visiting nurses have made 4,448 calls," Miss Mann said. She added, "We badly need the help of at least one vocational nurse in handling such a case load as we have at present."

Pacific Telephone Appoints New District Manager

J. L. Richards is the recently-appointed district manager for Pacific Telephone in Orange, Riverside and San Bernardino Counties, succeeding J. E. Kenney. New district manager will supervise operations in 1100-square-mile area in which 105,000 telephones are served.

Appointment of J. L. Richards as new district manager of its Riverside, San Bernardino and Orange County exchanges was announced this week by Division Manager A. V. Engel of the Pacific Telephone succeeds J. E. Kenney who assumes new duties at the Los Angeles headquarters of the company.

Richards, manager of the Riverside exchange since 1939, will supervise the Riverside, Colton, Corona, Fontana, Highland, Rialto, Santa Ana, Fullerton, Brea, Placentia, Buena Park, Orange, Garden Grove, Anaheim, Newport Beach, Dana Point, San Clemente and San Juan Capistrano exchanges where the company serves nearly 105,000 telephones. He will make his headquarters at 114 South Main street in Santa Ana.

Kenney, district manager since July 1951, has been appointed commercial personnel supervisor with Southern California area-wide responsibilities and will be located at Pacific Telephone's administrative offices in Los Angeles.

Alfalfa Crop Harvested 12 Times Yearly

Growers of alfalfa for the commercial market should envy one producer who harvests his crop twelve times a year!

The ranch where this takes place is in Hemet, California, where Nutrilite Products, Inc., grows alfalfa.

Company Agronomist Horton Sherwood explains the reason harvesting can take place so often is that alfalfa's food value is most abundant in the top four or five inches of the plant after about 20

Photography Has Important Role In Research Labs

Scientists can appreciate the old saying, "A picture is worth 10,000 words."

This adage is especially true in scientific work, if the picture is a good one and graphically tells the story it is intended to portray.

Examples of how scientific photography is used in the Nutrilite Research Laboratories in Buena Park, California, will better illustrate the importance of pictures in scientific research.

Officials of these laboratories realized the value of photography in science and have a complete darkroom with equipment designed to handle all types and sizes of films and enlargements.

Records Plant Growth

A special camera was included in the equipment of the agricultural experiment department. Through its use, a pictorial record can be kept of the rate of growth of plants in various experiments concerning minor deficiencies in plant nutrition study. Also of interest and value are the picture studies of insect infestations and the various diseases to which plants succumb.

The view camera is used extensively in pharmaceutical research, to keep track of the progress of growth rate of test animals used in nutritional studies. No other means of reporting so well shows the difference in size, condition of the coat, and all the other visible signs of good nutrition versus malnutrition.

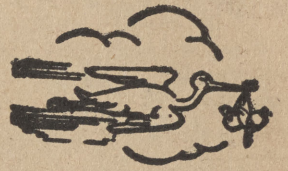

To Illustrate Articles

The uses of photography in the laboratory are many and varied. A picture is often taken of a complicated apparatus assembly to illustrate an article written by a staff member of the laboratory for a science publication. Or, a picture may be made of a very unusual and new crystal structure.

Photography in color finds many applications in the modern laboratory. A color record may be made of an unusual chromatogram.

Or a particular blight or infestation on a plant leaf may be recorded in its true color. Or, again, a color picture of a mold growth may be recorded in the biological laboratory.

So, for a photographer in a laboratory, the term 'all in a day's work', covers a diversified field.

COUNTY COMMENT

(Continued from Page 2)

stockholders, when they want it; 2—As cheaply as possible; and 3—Treat everybody exactly alike. No. 2 gives the most trouble, he adds.

Another early settler of the SAVI territory who showed what to do about inflation, was Henry West, of McPherson. His demonstration of beating HCL was impressive, indeed.

He dug a well 150 feet deep, by hand.

That was before the SAVI ditches came along. They hauled domestic water in barrels. His son, Clarence West, of East Chapman ave., McPherson, relates the story of the well.

It was four feet in diameter, and Henry West shoveled it out with no assistance except for a girl who drove a horse that hauled the dirt to the surface in a bucket.

This meant months of back-breaking work. The soil was gravely much of the way, which wasn't such hard digging, but left the constant risk of caving in. To which Henry West paid little attention.

He did show caution once. A boulder of considerable size, too large for the bucket, was uncovered and had to be lifted to the surface. He tied the rope around it securely, and was ready to signal "haul away."

Then he got thinking about that boulder breaking away from the rope up near the surface, with himself down in the bottom of the hole. That boulder would be pretty hard to catch.

Mr. West prudently rode out of the well with the boulder.

MAN EXPRESSES GOD'S PERFECTION CHRISTIAN SCIENCE LESSON SAYS

The perfect man made in God's image and likeness is eternal and is not subject to sin, disease, or death, according to the Sunday Bible Lesson on "Man" in all Christian Science churches. The Golden Text is from I John (3:1): "Behold, what manner of love the Father hath bestowed upon us, that we should be called the sons of God."

It is recorded in Second Kings (6:1,5-7) that as one of "the sons of the prophets... was felling a beam, the axe head fell into the water: and he cried, and said, Alas, Master! for it was borrowed." Then Elisha, "the man of God said, where fell it? And he shewed him the place. And he cut down a stick, and cast it in thither; and the iron did swim. Therefore said he, Take it up to thee. And he put out his hand, and took it."

Mary Baker Eddy declares in "Science and Health with Key to the Scriptures": "Man, created by God, was given dominion over the whole earth." "His birthright is dominion, not subjection. He is lord of the belief in earth and heaven,—himself subordinate alone to his Maker. This is the Science of being." (pp. 545, 518)

Russel Allen Wright, Jr., and his sister, Virginia, from San Bernardino, are visiting in Cypress with their great-grandmother, Mrs. Cora Rojas, 9102 Watson. Part of the time here they are staying with their aunt, Mrs. Leo K. Smith.

New Window Adorns Church Of St. Pius V

A stained glass window depicting the "Ascencion" has been installed in the Catholic Church of St. Pius V. Shaped as an octagon, it is placed above the altar and adds to the beauty of the edifice. Father Frederick Kass, the pastor, states that the window is the gift of the Coito brothers, both of whom live on Marquardt street, Artesia. John Coitos' home is at 18118 Marquardt and J. H. Coitos' address is 18124 Marquardt. The Coito families are parishioners of the local church.

Dr. R. E. Knecht and family were house guests in the home of Chief and Mrs. J. L. Stead at 5601 Sprague st. Dr. Knecht is from Glendale.

Dr. Jacques Peraya of Venezuela, South America, arrived last weekend for a visit with his brother-in-law and sister, Mr. and Mrs. Sam Rosen, 9502 Walker st. The doctor bought a new automobile on the east coast and has enjoyed a leisurely tour across the country.

Mrs. Ray Edwards, 5412 Camp street, received the sad news Sunday of the sudden death of her aunt in Des Moines, Iowa. Three of the sisters in her mothers family married three brothers. The sister who died is the youngest.

OCTOBER 17

Beginning October 17, this Branch of the Security-First National Bank will be open Fridays until 6 P.M. but will not be open on Saturdays

This action by the bank in extending the benefits of the five-day week to employees of this Branch is in line with the practice now general in business, government and industry throughout the country. Many thousands of city, county, state and federal employees, office and industrial workers and bank employees now enjoy the five-day week.

Our long-established banking-by-mail facilities are, of course, open to all of our customers. Both deposits to accounts and payments on loans may be made by mail.

The cooperation of our customers will be greatly appreciated.

**Open Fridays until 6 P.M.
Not open Saturdays**

Biggest Frosh Class In History Enrolls Anaheim Union High School

Registration at Anaheim Union High School, scheduled for Monday, September 8, is expected to reach 1400 students. This will be the largest number of students ever enrolled in the school. School will open Wednesday, September 10, at 8:00 a.m., with a general assembly in the auditorium.

All students, including freshman, in a class which will number 470, are asked to come to the school on Monday, between 8:00 a.m. and 4:00 p.m. Transportation for registration of students in the areas outside of Anaheim will be provided, and buses will follow the same routes as during the last school year. The buses will leave the school to pick up the students at 12:00 o'clock, arriving at the campus by 1:00 p.m., and return them to their homes, leaving the school at 4:00 p.m.

Transfer of Chief James L. Stead, a Cypress resident, to the Naval Air station at San Diego, was announced last week.

PH. ANAHEIM 28760

'Small Fry' Get Big-Size Social Event

Small fry of pre-school age were special guests at a little party given in their honor last week.

Mrs. A. R. Muesse was hostess to the fifteen little guests at her home, 8802 Cypress avenue.

The kiddies had a lot of fun, with all the party food and trimmings to add to their enjoyment. And Mrs. Muesse had a lot of pleasure out of just giving the party!

PATIO SETTING FOR UNUSUAL MEAL

Mr. and Mrs. A. E. Arnold were host and hostess last Friday evening to their daughter and family, the Bob Hoyts, and to the Art Collins family.

The main course of a tasty meal prepared in the patio was frog legs. Collins and his son Dean had accumulated the tid bits while vacationing near Bishop early this summer, and had kept them on ice until this more convenient time for their consumption.

Mr. and Mrs. Clarence Fender and their family have moved to a resident at 302 Maine ave. in Long Beach. Fender has been employed as cutodian in the Los Angeles county schools system. Their home at 5302 Bishop street has been leased to the Frank Salvador family. He is employed by Southfield dairies.

O. Ronconi Given Showers

Miss Olga Ronconi, who will be wed September 13 to Gordon Story of Buena Park, is recipient of several courtesies extended her in honor of the forthcoming event. The ceremony will take place in St. Pius V Catholic church in Buena Park.

On August 22 a few close friends of the bride-to-be were bidden to the home of Mrs. Elio Ronconi at 5582 Orange avenue, Miss Ronconi's sister-in-law. Co-hostess was her sister, Mrs. A. Mattei.

On August 25, in Santa Ana, Miss Jean McLean was hostess to a group of girls with whom Miss Ronconi is employed at the present time. The honoree received many personal gifts at the latter shower.

AFTERNOON CLUB MEETING IN PATIO AT ARNOLD HOME

Mrs. A. E. Arnold, 5541 Bishop st., will entertain members of the Cypress Women's Community club in the patio of her home Tuesday. The regular dessert course at one o'clock will precede the business meeting.

Hostesses with Mrs. Arnold will be Mrs. Earl Essex and Mrs. Ed Robinson.

NORTH COUNTRY PROVES HOLIDAY PLEASURE LAND

When it was learned that Frank Leverich was going to work on the Oakland freeway all summer, his wife and two children, Diane and Todd, moved up north with him. They were gone from July first through August.

The family stayed at Sweeney's beach, a resort at the mouth of the San Joaquin and Sacramento rivers, where they had a cabin. The young people had lots of fun swimming and fishing, and there were side trips into historical country nearby, too. One of the outstanding visits was to Oroville.

SERIOUSLY ILL P. BELL IMPROVES

Paul Bell, 4862 Bishop st., was stricken while at work in the Long Beach navy yard with a heart attack recently. He was taken to the veteran's hospital, where he has been on the critical list, but is reported as improving.

Mr. and Mrs. Bell's son and family, Mr. and Mrs. Richard Bell and small Deborah, have bought a house at 8752 La Salle street, and are moving into the new location. The J. W. Fleetwoods were the former owners.

Last Chance to Clean School Clothes

Mission Group Fetes Member At Shower

The Garnet Howard chapter of the Nazarene Foreign Missionary society met in the missionary hall Tuesday evening. The meeting was opened by Mrs. Preston Allen, president. After several songs were sung, followed by prayer, Mrs. W. D. Howard gave a very interesting study report on the missionary work which is being carried on in Italy by the Church of the Nazarene.

The meeting was then turned over to one of the hostesses, Mrs. J. C. Napier. She introduced two lovely fairies dressed in pink and blue crepe paper gowns, Donna Jean DeWitt, and Charlene Lenerville.

After a reading by Mrs. Mary Chapman the two fairies selected as their lovely fairy queen, Mrs. Charles Lenerville, whom they crowned with a silver crown. A bassinet loaded with many gifts was brought to the queen.

After all gifts had been unwrapped and passed around for the group to admire, refreshments of sandwiches, cake, homemade ice cream, coffee and ice tea were served to Mmes. Dubert Laird, Donald DeWitt, Oscar Kelley, Jeff Davis, Edward Riddle, Mrs. Norstrom, Herbert Orban, Flora Jolly, Stanley Martin, Elywn Taylor, Norville Chapman, Charles Thomas, William Howard, Preston Allen, Melvin Callahan, Caulkins, Misses Beth Kroesen, Gayle McCoy, Charlene Lenerville, Donna Jean DeWitt, and the hostesses Mrs. Dave Bock and Mrs. J. C. Napier.

Many who were unable to attend sent gifts.

Mr. and Mrs. Voris Langdon have moved to a home on Holder road from Lamar, Colorado. He has a position at Knott's Berry Farm. The Langdons are the parents of Mrs. Ed Robinson.

Mrs. Ray E. Lucas returned to her home on Vonnies Lane Wednesday after being in the hospital at Camp Pendleton for two weeks where she underwent medical treatment.

Mrs. M. Hunt Gives Party In Lakewood

Mrs. Elmer McWilliams was feted at a party honoring her on the anniversary of her birthday Thursday night. Mrs. M. G. Hunt was hostess at the lovely affair in her home in Lakewood Village. It was an especial occasion for Mrs. McWilliams since she was ill and confined to her home on the date of her birth last year, August 26.

Mrs. Hunt served a delicious dinner, presenting a beautiful caterer's cake, complete with candles, to the honoree which was used in the dessert course.

Present in addition to Mrs. McWilliams and Mrs. Hunt were their husbands, Dr. and Mrs. M. H. Damron, Mr. and Mrs. A. E. Arnold, Mr. and Mrs. Dan Williams of Buena Park.

Harry Stead is recovering from a slight illness at his home.

A guest at the Larry Schott home in Cypress Cottages over the Labor Day weekend was her sister, Miss Helen Hynes, who lives in Los Angeles.

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA IN AND FOR THE COUNTY OF ORANGE

In the Matter of the Ascertainment and Establishment of the Standing of the CYPRESS ENTERPRISE as a Newspaper of General Circulation.

No. A-21730
NOTICE

NOTICE IS HEREBY GIVEN that the undersigned publisher of the CYPRESS ENTERPRISE has filed a petition in the above-entitled court alleging in substance that the CYPRESS ENTERPRISE is a newspaper established, printed and published at regular intervals for the dissemination of local and telegraphic news and intelligence of a general character; that said newspaper has been continuously established and in existence under that name for at least one year; that said newspaper has a bona fide subscription list of paying subscribers; that said newspaper has been both printed and published in the County of Orange, State of California, for at least one year preceding the filing of said petition.

NOTICE IS HEREBY FURTHER GIVEN that petitioner intends to apply to the above-entitled Court for an order declaring said CYPRESS ENTERPRISE a newspaper of general circulation within the County of Orange, State of California and that said application will be made to Court in Department No. 3 thereof at the courthouse in Santa Ana, California, on the 12 day of September, 1952, at 10 o'clock A. M., or as soon thereafter as counsel can be heard.

Mr. and Mrs. Bill Robins and three children enjoyed the Labor Day holiday at Lake Arrowhead. They stayed with friends in a cabin there.

Friday, September 26, has been designated as a special day to honor the community of Cypress at the 1952 Los Angeles County fair in Pomona.

Miss Marica Funk returned to her home in Albany, New York, by rail last Friday. She is a junior in high school, and has been visit-

ing in the home of her uncle and aunt, Mr. and Mrs. Tom Murphy.

Mr. and Mrs. G. F. Hall and son have rented the house at 5385 Camp stret. This was the house formerly occupied by Mrs. Mabelle Dyer until she left to visit in Midland, Texas.

Charlene Arnold has returned to Bass Lake to be with her mother, Mrs. Faye Arnold, and to begin school there. She was taken north by her grandmother, Mrs. Elmer McWilliams and Mrs. A. E. Arnold.

NOTICE INVITING BIDS

NOTICE IS HEREBY GIVEN that the Board of Trustees of the Laurel Elementary School District of Orange County, California, will receive sealed bids up to 7:30 o'clock P.M. on the 15th day of Sept., 1952, at the office of said School District, located at Los Alamitos, California, at which time said bids will be publicly opened and read for the following: Item 1: Gasoline, oil, and lubrication for the School Buses.

All of said work to be performed in accordance with plans and specifications which are now on file in the Laurel School Office, Los Alamitos, California.

Pursuant to the provisions of Section 1770 of the Labor Code, the Board of Trustees of said Laurel Elementary School District has ascertained the general prevailing rate of wages in the locality in which this work is to be performed for each type of workman needed to execute this Contract. The prevailing hourly wage scale so ascertained is as follows: None.

One and one-half times the prevailing rate of wages shall be paid any working time in excess of eight (8) hours in any one calendar day and for Saturdays, Sundays and legal holidays, unless otherwise noted. For less than eight (8) hours per day the rate shall be that fraction of the foregoing rates that the number of hours bears to eight (8).

Each bidder must submit with his bid a satisfactory check certified by a responsible bank or a bidder's bond made payable to the order of the Laurel Elementary School District in an amount not less than five per cent (5%) of the sum bid as a guarantee that the bidder will enter into the proposed Contract if the same is awarded him. In the event of failure to enter into such Contract, the proceeds of the check will be forfeited, or in case of a bond, the full sum thereof will be forfeited to said School District of Orange County.

Each bid must be on a blank form furnished by the Laurel Elementary School District.

The successful bidder shall be required to furnish, at time of signing agreement, one (1) surety bond which shall protect the laborers and materialmen and shall be for fifty percent (50%) of the amount of the Contract, in accordance with Section 4204 of the Government Code, and one (1) surety bond in the amount of fifty percent (50%) of the Contract, guaranteeing the faithful performance of the Contract; said bonds to be first approved by the office of the County Counsel of Orange County.

The Board of Trustees of the Laurel Elementary School District reserves the right to reject any or all bids, and not necessarily accept the lowest price bid, and to waive any informality in any bid received.

NOTICE INVITING BIDS

NOTICE IS HEREBY GIVEN that the Board of Trustees of the Laurel Elementary School District of Orange County, California, will receive sealed bids up to 7:30 o'clock P.M. on the 15th day of Sept., 1952, at the office of said School District, located at Los Alamitos, California, at which time said bids will be publicly opened and read for the following: Item 1: Filling and Grading of the Lexington Elementary School site.

All of said work to be performed in accordance with plans and specifications which are now on file in the office of Harold C. Wildman, 3701 Atlantic Ave., Long Beach, California.

Pursuant to the provisions of Section 1770 of the Labor Code, the Board of Trustees of said Laurel Elementary School District has ascertained the general prevailing rate of wages in the locality in which this work is to be performed for each type of workman needed to execute this Contract. The prevailing hourly wage scale so ascertained is as follows:

OPERATING ENGINEERS

Material Loader or Conveyor Operator	\$2.05
Motor Patrol Operator, including any type of power blade	2.43
Roller Operator	2.25
Tractor Hi-Lift Shovel Operator	2.50
Tractor Scraper or Drag Type Shovel, Tandem	2.68

TRUCK DRIVERS

Drivers of Dump Trucks of less than 4 Yds. water level	\$1.83
Drivers of Dump Trucks - 4 yds but less than 8 yds water level	1.85
Drivers of Dump Trucks - 8 yds but less than 12 yds water level	1.90
Drivers of Dump Trucks - 12 yds but less than 16 yds water level	1.98

One and one-half times the prevailing rate of wages shall be paid any working time in excess of eight (8) hours in any one calendar day and for Saturdays, Sundays and legal holidays, unless otherwise noted. For less than eight (8) hours per day the rate shall be that fraction of the foregoing rates that the number of hours bears to eight (8).

Leslee Robins Has Birthday

In honor of her fifth birthday, little Leslee Robins was given a party last Friday. Leslee is the daughter of Mr. and Mrs. Bill Robins, 5571 Bishop street.

The honoree and her guests were transported to Anaheim park for the affair. There were no organized games, but everyone made good use of the playground equipment and was well entertained.

Leslee opened her many appropriate gifts, and her mother served the birthday cake with ice cream, and punch. Each child received a party favor.

Those bidden were David Thomas, Arnie Hoyt, Ann Norland, and Gary and Rhonda Robins, brother and sister, all of Cypress. Wendy Williams came from Buena Park, Bobby Fogg from Freeway Park, and Leslee's grandmother, Mrs. Elmer McWilliams assisted Mrs. Robins.

Roy Steunenberg and Charlene Arnold sent gifts but were not able to be present.

Said In Cypress

(Continued from Page 1)

Beach office so that we could give a firsthand report to our reading public. When is a water user not a water user? That was the question last Sunday morning. Of all the times for something to happen, it would have to be on one of the hottest days, when most residents were enjoying a three-day holiday and probably had individual reasons to want to use quantities of that H2O stuff. Maybe Manager Stang would have explained that that was the very reason the water went off—too much load. Anyway, it doesn't happen very often, and utilities mechanisms are no respecter of holidays when employees have earned a little time off. Hardest hit were probably the various kinds of stock which abound in this agricultural community.

Park Bank To Close Saturdays

Beginning October 17, Buena Park branch of the Security-First National Bank will stay open on Friday until 6:00 p.m. but will not be open Saturdays, Bert Wells, manager of the branch, announced today.

"This change in banking hours, while discontinuing Saturday morning banking, adds three hours, on Friday afternoon. The plan has been in successful operation for more than a year for most branches of the bank, and for several months in San Joaquin Valley and Imperial Valley," officials stated.

"In thirty-seven states in the Union, legislation permits Saturday closing by banks," George M. Wallace, board chairman stated. "Ten San Francisco banks are closed Saturdays and eight Los Angeles banks. Banks in each of 144 other California towns and cities also observe this custom, as do banks in Alaska and 19 Canadian cities."

After October 17, none of the 139 branches of the Security-First National Bank will be open on Saturday, according to the bank's announcement.

"We look upon this move as a step forward in good community and employee relations," Mr. Wallace stated.

NAZARENE YOUTH TO HOLD JOINT SOCIAL TONIGHT

Hi and Y youth group of the Nazarene church will meet at the church tonight (Friday) at 6:30 p.m. Transportation will be furnished them to Torrance, where they will join with the young people of the Nazarene church there for the first social event of the new school term.

Committee members in charge of planning the affair promise a good time for all who attend.

IT PAYS TO ADVERTISE

LYNX WHIP EASTERN TEAM FOR FIRST TOURNEY WIN

The Buena Park Lynx, famous girls' softball team, won their first test in the World Tournament at Toronto, Canada, Monday night. They defeated the Wellington, Connecticut, team 9-0 behind the five-hit pitching of Bev. Meissen. Scheduled to meet the Phoenix Ramblers for a second-round tilt, the games were rained out Tuesday and Wednesday schedules had not been played as this paper goes to press.

Reports from the first game indicated the Lynx had the game all their own way with Doris Ray smacking a 2-run homer in the second and Lu Mahoney collecting three hits in four trips.

The Orange Lionettes opened the defense of their title with a 3-0 triumph over Fresno and were due to tangle with Peoria, Ill., next.

Phoenix blanked Bremerton, Wash., Monday 3-0. The News office will attempt to keep advised of the progress of the tournament and answer phone calls with the latest information available.

Report Eastern Tour

Lynx played the Western Regional champions in Kansas City, Missouri, on Tuesday evening, August 26. The game went to thirteen innings. Buena Park got four hits, with Nonie Hohn, pitcher borrowed from Monrovia, on the mound. Joan Alsop scored the winning run, as the game ended 1-0.

Thursday night, August 28, the Lynx saw action in Cleveland, Ohio. Only three hits were allowed in a game which had as pitchers Bev Meissen, Joan Alsop and Nonie Hohn. Buena Park garnered 14 hits, and won with a 3-0 score.

The girls arrived in Toronto on Friday night, August 29, where they are staying at the King Edward hotel.

Van Deerlin Speaks To Park Group

Lionel Van Deerlin, candidate for Congress from the newly formed 28th congressional district was a visitor in Buena Park last Wednesday night when he spoke to a gathering of local citizens.

The home of Mr. and Mrs. Frank O'Brien was the scene of the meeting when some thirty interested persons heard the candidate of the Democratic party discuss his views. They met informally in the patio and enjoyed refreshments served by the hostess. O'Brien is Democratic Committeeman from the 3rd Supervisorial district.

Van Deerlin talked at some length on his views concerning foreign policy and several domestic issues which he felt were of most concern to his listeners. He pointed with some pride to the present high plane of prosperity the country is enjoying under Democratic administration. It is his opinion that this high level can be maintained through meeting the challenge of production to reach an even higher standard generally over the country.

The candidate talked informally until late in the evening, discussing such issues as socialized medicine, tidelands oil, deficit financing and Fallbrook.

Holiday Weekend Takes Toll In Heavy Casualties

Outpouring of traffic during the three-day Labor Day holiday brought two deaths and injury of more than a half-hundred persons on Orange county highways, including seven in a crash near Buena Park, but safety reigned at the jammed beaches, no drowning being recorded, although Newport Harbor and beach alone saw one hundred thousand visitors.

At that, the beaches did not escape casualties, three youths suffering broken necks by diving into shallow water, one of them being reported in critical condition. There were 17 rescues from the surf, and one bather suffered a broken ankle by falling on the rocks at Corona Del Mar.

Ken Clyde, 24, of South Pasadena, visitor at Huntington Beach; David Hawk, 18, of Rosemead, and Jimmy Blanschart, 13, of Sun Valley received neck fractures, the latter two at Newport Beach. Hawk, almost completely paralyzed, was in critical condition at St. Joseph hospital, Orange, after his dive near the base of the east jetty at Corona Del Mar.

Jules Thibaut, 34, of Sierra Madre, suffered a broken ankle in a fall at the same beach.

Automobile accidents claimed the lives of John M. Varela, 22, of Westminster, whose motorcycle crashed against a tree at Wintersburg Monday afternoon. He died later that day in Santa Ana Community hospital.

Corp. Erwin Hoof, 23, El Toro marine, died in the county hospital Monday afternoon of injuries received in a crash at Santa Ana boulevard and Flower st., Santa Ana, shortly after midnight Sunday. Six persons were hurt, four of them seriously, in the collision. Police said they may file a manslaughter charge against one of the drivers, Simon Strong, 35, Los Angeles Negro.

In addition, Glen W. Scott, 58, Santa Ana city employ, who was struck by an automobile Thursday night when a city trash truck was struck by an automobile driven by a Corona Del Mar motorist, Berry Lee Fuller, 25, died Saturday afternoon at the Santa Ana hospital. Fuller was arrested on a drunk driving charge at the time of the crash.

Polio Claims County Victim

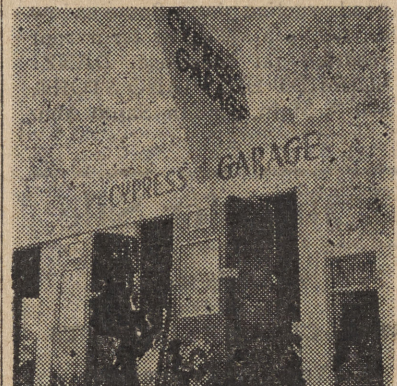

Labor Day recorded another polio death in Orange county, while four new cases of the disease were confirmed at the county hospital by Dr. Edward Lee Russell, county health officer.

Edward Bushman, 19, student at Orange Coast college and former Orange high school football player, died Monday in a respirator at the county hospital. He had been stricken two weeks earlier. He was a son of Mr. and Mrs. Harold Bushman.

The four new cases confirmed as poliomyelitis were all seven-year-old children: Ronald Penhall of Anaheim, Carol Ann Quintal of Westminster, Delores Rodriguez of Orange, and Geraldine Medina, of Santa Ana.

Alice Annette Blair, 3, of Orange has been admitted to the county hospital polio ward for observation.
